The balance of the land in the owners holding is under lease and will be probably subdivide on expiration of the lease in six years. The owner has entered into a bond for the payment of £39.2s.6d. In lieu of reserves upon completion of the sale of the two lots. A caveat protecting the bod and a notice of building line conditions will be registered on approval of the plan. I have to recommend approval.
- 26 August 1947 head office 25/682 district office record no 14/92 subject Town of Maymorn 1 plan No D 995 memorandum Referring to your memorandum of the 13.8.47 the plan of the above town has been approved by the Minister under the provisions of the Land Subdivision in Counties Act 1946 and in accordance with the conditions set out in your memorandum signed R G Dick Surveyor General

- 20 April 1951 County Engineer Hutt County Council to Chief Surveyor - Town of Maymorn Extension No 3 Owners Evans , Cairns & Fawcett - In reply to your memorandum 14/92/3 dated 5th instant I have to advise that my Council has no objections to the above subdivision

provided that Lot 1 is not marked on the plan as a shopping site. My Council does not approve of this purpose as this is the prerogative of the local authority who is responsible for the control and zoning of the area. The estimate saleable value of the Lots is from £200 to £250 each.

- 08 May 1951 from W S Nelson Chief Surveyor to Surveyor General – Land Subdivision in Counties Act 1946 Conditions restricting the use of allotments shown on a scheme plan – Herewith please find enclosed copies of two scheme plans situated within the Hutt County also copies of the respective comments. In both cases the County Council does not approve of the marking of certain sections for specific purpose. Before referring the County's comments to the Surveyors concerned I would be pleased to receive your comments as to whether acquiescence would prejudice the Department's case in the Appeal. Central Hutt Extension No 6
- 15 May 1951 – Town of Maymorn No 3 from Surveyor General to Chief Surveyor I consider that Lot 1 in the above scheme plan should not be described as "Shop Site" as it is normal size and can be used for residential purpose. However when shop sites if minimum are incorporated in any scheme they should be described as "Shop or Commercial" lots. This should in no way embarrass the local authority as the lots would obviously be for the purpose stated and would have been subject to its comments.
