Upper Hutt Returned Soldier's Association - Memorial Hall for the District

A deputation from the Upper Hutt Returned Soldier's Association met the Council on Saturday last to go into the matter of a Memorial Hall. The deputation was led by the president of the branch (Mr S F Carver). He pointed out to the members of the Council that there was no memorial in the district in memory of the boys who left the Upper Hutt and that a memorial of iron or stone was a poor way to memorise the dead. Mr Carver stated that it was the intention of the branch to give the general public the opportunity of subscribing towards the project and with the co-operation of the Council something worthwhile could be accomplished. Councillor Greig said Upper Hutt was one of the few places where there was no war memorial and he would heartily support the idea. Councillor Guthrie said that a memorial hall was an excellent idea and he was of the same opinion as the R S A president that iron and stone was not the right thing. Councillor Keys also agreed it was a move in the right direction and suggested that the Council get in behind the association and help all it possibly could. Councillor Sutherland, who is an ex-marine captain and a member of the R S A, stated that anything that was given towards such an ideal was little enough to honour those who had fought for the Empire in the

Great War. Councillor Purvis stated that it was astounding that Upper Hutt had no memorial, especially considering that practically every man who went to the War was at one time or another through the camp at Trentham. The returned men could rely upon him to help in every possible way to gain their objective. The Mayor thanked the president for bringing the matter forward and promised that the Council would bring down a report at the next council meeting. The members of the deputation, through the president, thanked the Council for receiving them. The deputation consisted of Messrs S F Carver, H Polson, R Robinson, W C Walsh and the secretary of the branch.

Upper Hutt Borough Council - Co-operation with local Returned Soldiers for Memorial Hall
The Mayor (Mr A J McCurdy) presided over the council meeting on Monday evening last, Councillor Howell sending an apology for non-attendance. On the motion of the Mayor, seconded by Councillor Greig, it was decided to co-operate with the local branch of the Returned Soldiers Association in any plans it had for the erection of a Memorial Hall. The Mayor said that the council intended to give the movement recognition and support as soon as any definite information was forthcoming from the branch.

Upper Hutt Borough Council - The local branch of the Returned Soldiers Association wrote asking the Council to appoint three of their members to co-operate with a special committee set up by the branch to go into the matter of the proposed Memorial Hall. On the motion of Councillor Keys, seconded by Councillor Sutherland, the Mayor, Councillors Purvis and Greig were appointed. Councillor Guthrie said the suggestion to plant memorial trees around the section commended itself to him and he hoped the Council would take the matter up.

Special Meeting R S A - Trentham site approved for Memorial Hall

At a special general meeting of the Upper Hutt R.S.A. held on Friday evening last, it was decided to go ahead with the idea of purchasing the site. After discussion it was agreed that a national appeal be made to all associations throughout New Zealand, to contribute towards the building of a memorial hall, as practically every man who left New Zealand for overseas passed through Trentham. A subscription will be opened shortly and it is hoped that all who are able will contribute towards this worthy project.

Upper Hutt Weekly Review 17 December 1937

Memorial Hall for Upper Hutt - A combined meeting of the Returned Soldiers Association, Borough Council, South African Veterans, Legion of Frontiersmen and the Farmers' Union, was held during the past week, to discuss the proposition of a Soldiers Memorial Hall. Mr E W Nicolaus presided and outlined the ideal to all present. The meeting decided to hold a monster dance on January 21st, and it was also decided to appoint an organiser, who would be responsible for functions of all descriptions in the endeavour to raise the necessary money. The Borough Council has decided to open a subscription list, and the public are invited to make donations. Throughout the coming year the members of the committee anticipates organising several functions, probably a queen carnival and a sports meeting. Remember 1914-1918, and help the boys to gain their objective, viz., "a home of their own."

Upper Hutt Weekly Review 21 January 1938

R S A - The Upper Hutt Branch of the R S A are holding a monster dance to-night in the Majestic Theatre. It is anticipated that a large number of dancers will be present. Both old and young are being catered for and dancers can be assured of a good time. The dance is in aid of the proposed Memorial Hall the soldiers intend to build, and if the support is forthcoming it is anticipated the hall will be the first in the district. Just remember 1914-18 and help the diggers to get a home of their own where one and all can enjoy themselves. A subscription list has been opened at the Borough Council offices and donations will be gratefully received by the treasurer of the Memorial Hall Fund, Mr B Wilmshurst. An organiser is being appointed and will canvas the district and will be pleased to give any particulars.

I do not know when the Trentham Memorial Park stone wall and memorial gates were built. Years later they were removed and what happened to them is not known.

On 13 December 1958 the Maidstone War Memorial Swimming Baths were opened and a Memorial plaque was positioned near the entrance to the baths. In 1973 the memorial was removed and placed in front of the Upper Hutt City Council building in Fergusson Drive Upper Hutt. In the following century the memorial was repositioned, a memorial wall was built and statue of a grandfather with his granddaughter was added.

- Upper Hutt Times newspaper article 14 November 1951 R.S.A. Favours Swimming Baths = The proposed swimming baths in Maidstone Park came up for consideration discussion at the quarterly meeting of the U.H. R.S.A. held last night. Vigorous protests were made against making Barton’s Bush a priority as a war memorial. One member who came back from the First World War stated that Upper Hutt to his knowledge was the only Town in New Zealand without a local War Memorial and was of the opinion that the Council like others was not at all interested other than in Barton’s Bush. One Kiwi member asked if it was not possible to switch the subsidy from Barton’s Bush to the Swimming Bath as the other was only a district War Memorial and not a local one also the actual area was not even in the Borough. It was pointed out by the President that when the executive met the council representatives recently they were promised that the swimming bath would go on also that it was hoped to arrange a deputation with the Minister concerned to go into the sidies to see if something could be done for Upper Hutt itself
