

## Introduction to LECKIE FAMILIES in NEW ZEALAND

When researching the descendants of Stewart LECKIE who arrived in Dunedin New Zealand in 1853 I began to accumulate additional LECKIE family genealogies. As a way of sharing this research with other descendants I decided to make the information available to everyone by using the Internet. Please remember that not all names recorded in the different family genealogies are correct and many require further research to confirm that they belong to the family genealogy branch.

I apologise for any errors or admissions in the family tree documents but every effort has been made to ensure that the information has been correctly transcribed and where known all reference sources noted. Accuracy cannot be guaranteed and I welcome any editing corrections or additions and these will be updated when information becomes available. Due to international privacy laws I will try not to include information about living people unless is located on public domain documents.
