Hall Grove was developed after 1951. A 1951 Upper Hutt map shows clearly no development of the Grove from Gibbons street only the farm building situated on part Section No 118.

Hall grove was developed some time before 1954. I have located five (5) people residing in Hall Grove in 1954 including the Hall family.

Upper Hutt Leader 29 August 1957

An Evening of Music - The parents of the more advanced pianoforte pupils of Miss Dorothy Keys Main Road Upper Hutt we're entertained by the former last Saturday night at the home of Mr and Mrs E J Hall, Hall Grove. During the evening which might be termed a recital on informal lines, pupils demonstrated their prowess to their parents who showed their cordial appreciation of the musical fare provided for their entertainment. Mrs J Goodwin well known for her musical ability throughout the district for many years and a sister of Miss Keys also took part in the delightfully informal programme and played favourite after favourite to her happy audience. A charming note was the presentation of a beautiful sheaf of flowers to Miss Keys by her pupils. A finale to a most successful and enjoyable evening was the delicious supper served by the hostess Mrs Hall assisted by Mrs Browne.

Written by Edward Joseph Hall as follows (date unknown)

"I am at present employed as a carpenter for the NZEP at Haywards & am thoroughly conversant with the type of work done in the construction at the substation & feel that I am fully capable of handling both the work and men & give good advice to both the work as I have had approx 13 years in handling major business I would be able to attend to any electrical matters attached to the position & feel I could give great service to the Dept. & would like to go forward to this higher position. Some sighting & these enable a reference from the Maori affairs Dept. some old issue both showing men employed by me in road which I personal constructed in a subdivision for myself in Upper Hutt & a reference from A R Morgan for 2 years where I worked on schools & prefabs & commercial work & also some ancillary work for the American Contractors on the Rimutaka tunnel. I might say here the reason I am now working for the NZE division on account of a tragedy which happened in Blenheim to our young son was electrocuted by accident & I now haven't wish to go back into business."

1958 Hall Grove protest

Beat the Pistol - Protest Re Proposed Flats Hall Grove - The Town Clerk read a letter of protest over the signatures of ten ratepayers making a strong protest against the granting of a building permit for the erection of a block of flats at the end of Hall Grove. The letter pointed out that the site was a narrow one and the frontages of the sections at the circle end of the street were extremely narrow and did not allow any space for parking of cars without blocking an entrance to one or more of the sections. The erection of a block of flats would constitute a considerable traffic hazard particularly to young children. The Building Inspector advised that no request for a building permit had been received. The writers are to be informed that no application has been made for a building permit for the construction of a block of flats and also that if the flats conform to the Town Planning Scheme Clause requirements Council has no power to prevent the issue of a permit.
